

2018 Fall Forum

September 19

Integrating Physical Health and Behavioral Health Services

A CAHA Forum addressing community collaboration to facilitate the integration of physical health, mental health, substance use and wellness and prevention services in the Capital Area Region

Wednesday, September 19, 2018

7:30 am to noon

Eagle Eye Conference Center

15500 Chandler Road, Bath Township, MI

PROGRAM OUTCOME: Participants will demonstrate increased knowledge of methods and resources to coordinate care for patients with complex physical and behavioral health needs, distinguishing between existing models of care and exploring new models that illustrate best practices to provide whole person, integrative care to individuals.

AGENDA

7:30 am – 8:00 am Registration and Breakfast

8:00 am – 8:10 am Welcome

Kathy Hollister, Executive Director, Capital Area Health Alliance

Sara Lurie, MS, LMSW, CAADC, CP-R, Chief Executive Officer, Community Mental Health Authority of Clinton, Eaton and Ingham Counties (CMHA-CEI) and Board Chair, Capital Area Health Alliance

8:10 am – 8:25 am Why Is Integration Important? View from a Patient Who Has Experienced Care in an Integrated Setting

Jonathan Thurston

Objective – Participants will be able to:

- Recognize the potential impact of integrated care on patient satisfaction and outcomes.

8:25 am – 9:05 am Integrative Care Models and Outlook

Robert Sheehan, LMSW, MBA, CEO, Community Mental Health Association of Michigan

Objectives – Participants will be able to:

- Describe how models to coordinate and integrate care can be utilized in care for complex patients with multiple clinical conditions related to mental and physical health.
- Increase awareness of viable models to collaborate across settings for coordination and integration of services for patients with physical health and behavioral health diagnoses.

9:05 am – 9:40 am Integration in the Capital Area

Matt Wojack, LMSW, ACSW Supervisor, Healthcare Integration CMHA-CEI

Objectives – Participants will be able to:

- Name three differences between traditional behavioral health models and Primary Care Behavioral Health.
- Identify three qualities needed by staff to serve as a Behavioral Health Consultant.
